BRIEF ABSTRACT OF LETTER.

NOTES AND ORDERS.

A Conference was held at the Public Offices on Monday the 18th Jan.y 1909 at which the following matters were discussed:—

NOTES—First sheet

GPB—30,000—3-4-07.

L I S T.

1. Supply of fodder.

2. Opening of poor houses.

3. Relief works (opening of) in important centres like Mysore and Bangalore.

4. D.P.W.Works to be so managed as to serve as resorts for famine labour.

5. A D.P.W. officer to accompany the Revenue Commissioner on tours or a D.P.W. officer to go on circuit to put in order the revenue works started in the districts.

6. A permanent advance of Rs.5,000 to be sanctioned to the Revenue Commissioner and of Rs.500 to each Sub-Division officer in the affected tracts.

7.(a) Relief to be given to Amildars in affected Taluks by the appointment of Magistrates

(b) Investing Munsiffs and Sub Judges with Magisterial powers and transferring the criminal work to them during the present season.

8. Getting the Civil and Criminal statistics monthly return from the Chief Court.

9. Getting from the Excise Commr: Talukwar statements of Excise sales monthly.

10. Getting reports from Amildars of weekly Santes.

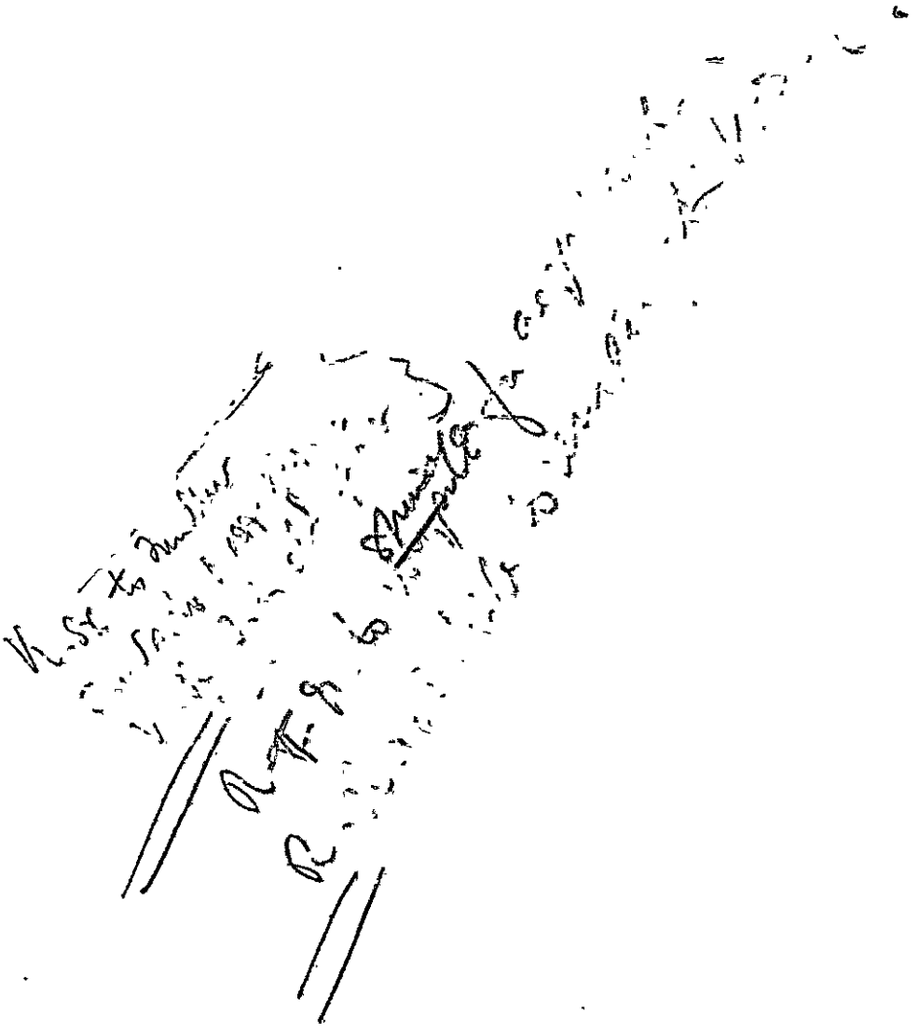
11. Starting large public works (~~to be discussed with the Chief Engineer~~).

12. Well-boring instruments.

13. Importation of rice and fodder - making necessary enquiries re freight etc., by deputing an officer to Madras.

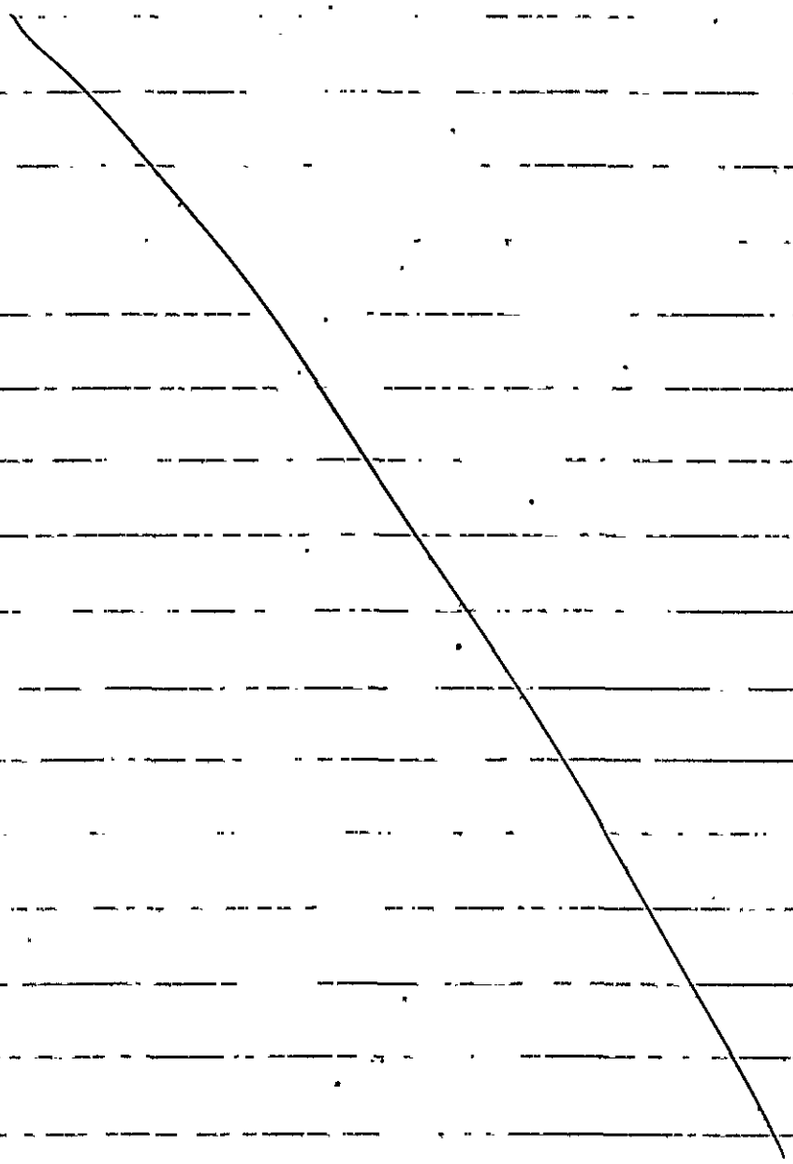
14. Continuance of the appointment of Superintending Engineers.

15. Transfers of Amildars and Assistant Commissioners.



Serial No.

The following are the Notes of the discussion at the Conference.



Note—Contn. sheet.

GPB—50,000—13-5-08

Notes of a Conference on famine matters held in the Public Offices on Monday the 18th January 1909.

---+++++++++---

The following officers were present:-

The Dewan.
Both the Councillors.
The Chief Engineer.
The Revenue Commissioner
The Conservator of Forests.
The General & Revenue Secretary to Government
and The Deputy Commissioner of Kolar.

The subjects discussed at the Conference and the decisions arrived at are briefly noted below:.

1. Supply of fodder.

Government Order No.R.4281-90-Agrl.41-08-72 dated 31st December 1908 shows the action taken so far in the matter.

The Deputy Commissioner of Kolar proposes to employ labour in cutting grass in plantations, and after chopping it fine, to send it in bags for sale to raiyats at cost price. The idea is a good one and the Deputy Commissioner will be requested to start the work early and report the result of the experiment. He will be authorised to expend a sum not exceeding Rs.1,000 for this purpose.

The Revenue Commissioner will also be empowered to purchase chaff cutters and a fodder press, and arrange if possible for cutting grass ~~elsewhere~~ in other districts also.

A separate allotment of Rs.10,000 will be made to meet the cost of cutting and transporting fodder.

The Conservator of Forests, who had been to Shimoga and Kadur for studying the question on the spot, says that 5,000 tons of grass can be made available, but that raiyats do not seem to want grass for another month. ~~After discussion, it was decided to ask him~~ the Conservator will be asked to arrange to collect some 1,000 tons of grass at the rate of 2 or 3 tons per day and to consign one waggon load per week to each of the taluk cusbas of Arsikere, Tiptur, Tumkur and to Banasandra, to be delivered in the case of the taluk cusbas a day previous to the weekly santhe.

2. Opening of poor houses and gratuitous relief.

There is no necessity at present for opening poor houses under the provisions of sections 179 to 186 of the Famine Code; but the attention of Deputy Commissioners will be called to these provisions with a view to their being prepared to open ~~them~~ poor houses when occasion arises. This will, as a rule, be only in populous places such as taluk cusbas, since in villages the arrangements already made for the grant of gratuitous relief in the shape of doles of grain render poor houses unnecessary. The details of the arrangements for the management of poor houses will be left to the discretion of District Officers. ~~Provision for a single meal a day is as a rule sufficient in the case of each person admitted to this form of relief.~~ The expenditure will be debited to the provision for gratuitous relief.

All along the main routes of emigration and immigration and on other routes where the Revenue Commissioner considers it necessary, Police Stations should be constituted relief depots under section 255 of the Famine Code. ~~giving relief and information to people~~. Funds should be assigned to each such station from the allotment for gratuitous relief, and the police instructed that cases of starvation should be relieved immediately, and that people should be told where to go for work, where to go for fodder for cattle, Etc..

3. Opening of relief works in important centres like Bangalore and Mysore.

In Mysore the works connected with City Improvement may be organised as relief works; and similarly the extension works in the Bangalore City. The co-operation of both non-official and official agency should be enlisted in the management of these works by the appointment of Committees. ~~The Executive Committee in each case will take over the Arrangements will be made for~~ the provision of funds will be separately considered. Arrangements should be made for the employment of skilled labour as well as of unskilled labour.

4. Public Works to be so managed as to serve as resorts for famine labour.

The Chief Engineer is agreeable to these works being carried out as relief works, except so far as regards works already given out on contract. ~~And, again~~ Even as to these it may be possible to induce unless any contractor has imported labour (such as that of Woddars) and is pledged to employ it, ~~he may also be induced~~ to employ as far as possible local labour in need of relief.

5. A D.P.W. officer to accompany the Revenue Commissioner on tours or a D.P.W. officer to go on circuit to put in order the revenue works started in the districts.

The Revenue Commissioner wants Mr. T.G. Lakshmana Rao, Assistant Engineer, to accompany him on his tours. ~~The~~ the matter has been referred to the Chief Engineer, ~~says he will see about it~~ who has agreed to it.

6. A permanent advance of Rs.5,000 to be sanctioned to the Revenue Commissioner and of Rs.500 to each Sub-Division officer in the affected tracts.

As regards Sub-Division officers it is enough if they are included among the officers to whom imprest can be given under the recent orders of Government. In regard to an imprest for himself, the Revenue Commissioner will make a formal reference to Government.

7 (a) Relief to be given to Amildars in affected Taluks by the appointment of Magistrates.

Wherever in affected tracts Taluk Sheristadars and Sub Registrars are qualified to exercise criminal powers, they may be given Magisterial work. Whenever necessary ~~to secure qualified Sub Registrars~~, transfers of Sub Registrars ~~within the District, wherever necessary may be arranged for in consultation between the Deputy Commissioner and the Inspector General of Registration; also from stations outside the District, where no distress exists.~~ so as to secure qualified men in places where they are wanted for relief to Amildars - Magistrials is necessary -

In places like Bangalore, Mysore and ~~for~~ the other District Head Quarters retired Government Officers may be appointed Honorary Magis

Qualified Revenue Probationers may also be utilised and posted to Taluks with 3rd class powers.

7 (b) Investing Munsiffs and Sub Judges with Magisterial powers and transferring the crimin work to them during the present season.

This is noted for future action. The Chief Court may in the meantime be consulted as to whe ther when civil work becomes less (as it is boun to do if the distress deepens), criminal work ma be given to Sub Judges and Munsiffs.

8. Getting Civil and Criminal statistics monthly return from the Chief Court.

In order to ascertain whether famine is telling on the work of the Courts, monthly state ments of the Civil & Criminal work of Courts ((showing number of cases instituted, disposed of and pending during each month) may be obtained from the Chief Court and passed on from the Secr tariat to the Revenue Commissioner.

9. Getting from the Excise Commissioner Taluk war statements of Excise sales monthly.

Similarly, statements of Excise sales may be obtained from the Excise Commissioner and passed on to the Revenue Commissioner.

10. Getting reports from Amildars of weekly Santes.

The Revenue Commissioner will issue the necessary circular in this matter.

11. Starting large public works.

The Revenue Commissioner will select the works to be started in consultation with Deputy Commissioners and the Public Works Department.

12. Well-boring instruments.

An Assistant Engineer capable of working ~~the well boring~~ these implements may be attached to the Water Supply and Stores Division and lent to the Districts on requisition.

There is one set of implements in the Kolar District, where, therefore, the Assistant Engineer appointed may for the present be employed under the Deputy Commissioner.

13. Importation of rice and fodder; making necessary enquiries re freight etc., by deputing an officer to Madras.

The Revenue Commissioner, ~~it is understood,~~ is himself going to Madras shortly. ~~He~~ has been requested to submit details in the matter of the reduction of the rates of freight for food grains & fodder with a view to the Residency being addressed in the matter. The Residency has already been asked to allow our officers to correspond direct with the railway authorities in ordinary matters while the present seasonal conditions last.

15. Transfers of Amildars.

Deputy Commissioners may be empowered to transfer Amildars and Deputy Amildars within

their own Districts, and report the transfers to Government for formal sanction. Outside single Districts, the Revenue Commissioner may order transfers in cases of emergency, and report the same to Government.

~~16.~~14 Relief to weavers.

The Revenue Commissioner has asked for an additional grant of 1,20,000 under this head and says that 10 to 15 Rs for each loom is the maximum to be provided. As there is reason to think that there is some diversity in the system of relief adopted in the different Districts, and that some of the ~~items~~ relief applied are open to objection, the Revenue Commissioner is being asked officially to submit information on certain points in order to enable Government to pass final orders.

From

The Rev. Cousins.

The following D. O. letter.

D 505

Dear Mr. Cousins,

I am directed to forward herewith a letter from the Rev. Cousins, and to say that Government would be glad to have your views in full communicating with regard to the proposals contained therein.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Bangalore, the 20th January 1909.

The notes referred to in the letter were received with your D. O. letter of the 16th instant.

Yours sincerely,

Dear Chandrasekhara Iyer,

Please expedite copy of the notes of the Conference held on Monday the 18th inst. I am waiting for its receipt before making my proposals on some of the subjects discussed.

Yours sincerely,

The Secy's proposal above to pass an order 'Communicating' the Note was approved and the following D.O. with a copy of the Note was sent to the R.C.

NOTE—Contn. sheet.

GPB—50.000—18-5-08

Copy of D.O. Letter No. 922-1-09
by the Secy. to the Rev. Cr.

My dear Sir,

As desired, I send you a copy of the Notes of the Conference held on Monday.

The Notes are also being printed and "Communicated" formally to You and other Officers

Yours sincerely,
(Sd.) Illegible

Genl & Rev Secy

21st Jan. 09

Dear Sir,

You will remember that at the Conference held on Monday last, the question of empowering Deputy Comrs to transfer Amildars within their Districts and the Revenue Comr to transfer them from one District to another was discussed.

On further consideration the Govt think that the matter is one on which you may, if you think action

necessary, make an official reference for orders with the reasons for your recommendation

Yours truly

(Sd) K.S. Chandrasekhara 24.

~~Notes of a Conference, on matters relating to the existing seasonal conditions, held in the Public Offices on Monday the 18th January 1909.~~

The following Officers were present:-

The Dewan.
Both the Councillors.
The Chief Engineer.
The Revenue Commissioner.
The Conservator of Forests.
The General and Revenue Secretary to Government,
and The Deputy Commissioner of Kolar.

The subjects discussed at the Conference and the decisions arrived at are briefly noted below :—

1. *Supply of fodder.*—Government Order No. R. 4281-90—Agri. 41-08-72, dated 31st December 1908, shows the action taken so far in the matter.

The Deputy Commissioner of Kolar proposes to employ labour in cutting grass in plantations, and, after chopping it fine, to send it in bags for sale to raiyats at cost price. The idea is a good one and the Deputy Commissioner will be requested to start the work early and report the result of the experiment. He will be authorized to expend a sum not exceeding Rs. 1,000 for this purpose.

The Revenue Commissioner will also be empowered to purchase chaff cutters and a fodder press, and arrange if possible for cutting grass in other districts also.

A separate allotment of Rs. 10,000 will be made to meet the cost of cutting and transporting fodder.

The Conservator of Forests, who had been to Shimoga and Kadur for studying the question on the spot, says that 5,000 tons of grass can be made available, but that raiyats do not seem to want grass for another month. Although there may not be much demand now for fodder, it is desirable that grass should be cut and transported to the different centres with a view to familiarise the raiyats and the malnad cattle with grass brought from jungles. The experiment is worth trying even at the risk of ultimate failure. Accordingly the Conservator will be asked to arrange to collect some 1,000 tons of grass at the rate of two or three tons per day and to consign one waggon load per week to each of the taluk kasbas of Arsikere, Tiptur and Tumkur and to Banasandra to be delivered, in the case of the taluk kasbas, a day previous to the weekly santhes.

2. *Opening of poor houses and gratuitous relief.*—There is no necessity at present for opening poor houses under the provisions of Sections 179 to 186 of the Famine Code; but the attention of Deputy Commissioners will be called to these provisions with a view to their being prepared to open poor houses when occasion arises. This will, as a rule, be only in populous places such as taluk kasbas, since in villages the arrangements already made for the grant of gratuitous relief in the shape of doles of grain render poor houses unnecessary. The details of the arrangements for the management of poor houses will be left to the discretion of district officers. The expenditure will be debited to the provision for gratuitous relief.

All along the main routes of emigration and immigration and on other routes where the Revenue Commissioner considers it necessary, Police Stations should be constituted relief depots under Section 255 of the Famine Code. Funds should be assigned to each such station from the allotment for gratuitous relief, and the police instructed that cases of starvation should be relieved immediately, and that people should be told where to go for work, where to go for fodder for cattle, etc.

3. *Opening of relief works in important centres like Bangalore and Mysore.*—In Mysore the works connected with City Improvement may be organized as relief works; and similarly

Proceedings of the Government of His Highness the Maharaja of Mysore.

~~Notes of a Conference, on matters relating to the existing seasonal conditions, held in the Public Offices on Monday the 18th January 1909.~~

The following Officers were present :—

The Dewan.
Both the Councillors.
The Chief Engineer.
The Revenue Commissioner.
The Conservator of Forests.
The General and Revenue Secretary to Government,
and The Deputy Commissioner of Kolar.

The subjects discussed at the Conference and the decisions arrived at are briefly noted below :—

1. *Supply of fodder.*—Government Order No. R. 4281-90—Agri. 41-08-72, dated 31st December 1908, shows the action taken so far in the matter.

The Deputy Commissioner of Kolar proposes to employ labour in cutting grass in plantations, and, after chopping it fine, to send it in bags for sale to raiyats at cost price. The idea is a good one and the Deputy Commissioner will be requested to start the work early and report the result of the experiment. He will be authorized to expend a sum not exceeding Rs. 1,000 for this purpose.

The Revenue Commissioner will also be empowered to purchase chaff cutters and a fodder press, and arrange if possible for cutting grass in other districts also.

A separate allotment of Rs. 10,000 will be made to meet the cost of cutting and transporting fodder.

The Conservator of Forests, who had been to Shimoga and Kadur for studying the question on the spot, says that 5,000 tons of grass can be made available, but that raiyats do not seem to want grass for another month. Although there may not be much demand now for fodder, it is desirable that grass should be cut and transported to the different centres with a view to familiarise the raiyats and the malnad cattle with grass brought from jungles. The experiment is worth trying even at the risk of ultimate failure. Accordingly the Conservator will be asked to arrange to collect some 1,000 tons of grass at the rate of two or three tons per day and to consign one waggon load per week to each of the taluk kasbas of Arsikere, Tiptur and Tumkur and to Banasandra to be delivered, in the case of the taluk kasbas, a day previous to the weekly santhes.

2. *Opening of poor houses and gratuitous relief.*—There is no necessity at present for opening poor houses under the provisions of Sections 179 to 186 of the Famine Code; but the attention of Deputy Commissioners will be called to these provisions with a view to their being prepared to open poor houses when occasion arises. This will, as a rule, be only in populous places such as taluk kasbas, since in villages the arrangements already made for the grant of gratuitous relief in the shape of doles of grain render poor-houses unnecessary. The details of the arrangements for the management of poor houses will be left to the discretion of district officers. The expenditure will be debited to the provision for gratuitous relief.

All along the main routes of emigration and immigration and on other routes where the Revenue Commissioner considers it necessary, Police Stations should be constituted relief depots under Section 255 of the Famine Code. Funds should be assigned to each such station from the allotment for gratuitous relief, and the police instructed that cases of starvation should be relieved immediately, and that people should be told where to go for work, where to go for fodder for cattle, etc.

3. *Opening of relief works in important centres like Bangalore and Mysore.*—In Mysore the works connected with City Improvement may be organized as relief works; and similarly the extension works in the Bangalore City. The co-operation of both non-official and official

agency should be enlisted in the management of these works by the appointment of Committees. The question of funds will be separately considered. Arrangements should be made for ascertaining the extent of influx of labour into these cities.

4. *Public works to be so managed as to serve as resorts for famine labour.*—The Chief Engineer is agreeable to these works being carried out as relief works, except so far as regards works already given out on contract. Even as to these it may be possible to induce contractors to employ as far as possible local labour in need of relief, unless any contractor has already imported labour (such as that of Woddars) from outside and is pledged to employ it.

5. *A D. P. W. Officer to accompany the Revenue Commissioner on tours or a D. P. W. Officer to go on circuit to put in order the revenue works started in the districts.*—The Revenue Commissioner wants Mr. T. G. Lakshman Rao, Assistant Engineer, to accompany him on his tours. The matter has been referred to the Chief Engineer who has agreed to it.

6. *A permanent advance of Rs. 5,000 to be sanctioned to the Revenue Commissioner and of Rs. 500 to each Sub-Division Officer in the affected tracts.*—As regards Sub-Division Officers it is enough if they are included among the officers to whom imprests can be given under the recent orders of Government. In regard to an imprest for himself, the Revenue Commissioner will make a formal reference to Government.

7. (*a*). *Relief to be given to Amildars in affected taluks by the appointment of Magistrates.*—Wherever in affected tracts Taluk Sheristadars and Sub-Registrars are qualified to exercise criminal powers, they may be given Magisterial work. Whenever necessary, the Deputy Commissioners may arrange in communication with the Inspector-General of Registration for transfers of Sub-Registrars so as to secure qualified men in places where relief to Amildar Magistrates is necessary.

In places like Bangalore, Mysore and some of the other district head-quarters, retired Government officers may be appointed Honorary Magistrates.

Qualified Revenue Probationers may also be utilized and posted to taluks with 3rd class powers.

(*b*). *Investing Munsiffs and Sub-Judges with Magisterial powers and transferring the criminal work to them during the present season.*—This is noted for future action. The Chief Court may in the meantime be consulted as to whether, when civil work becomes less as it is bound to do if the distress deepens), criminal work may be given to Sub-Judges and Munsiffs.

8. *Obtaining Civil and Criminal statistics from the Chief Court.*—In order to ascertain whether famine is telling on the work of the Courts, monthly statements of the Civil and Criminal work of Courts (showing number of cases instituted, disposed of and pending during each month) may be obtained from the Chief Court and passed on from the Secretariat to the Revenue Commissioner.

9. *Getting from the Excise Commissioner talukwar statements of Excise sales monthly.*—Similarly, statements of sales of toddy and arrack by taluks may be obtained from the Excise Commissioner and passed on to the Revenue Commissioner.

10. *Getting reports from Amildars of weekly santhes.*—The Revenue Commissioner may himself issue the necessary circular in this matter.

11. *Starting large public works.*—The Revenue Commissioner will select the works to be started in consultation with Deputy Commissioners and the Public Works Department.

12. *Well-boring instruments.*—An Assistant Engineer capable of working these implements may be attached to the Water-Supply and Stores Division and lent to the districts on requisition.

There is one set of implements in the Kolar District, where, therefore, the Assistant Engineer appointed may for the present be employed under the Deputy Commissioner.

13. *Importation of rice and fodder—Making necessary enquiries* re *freight, etc., by deputing an officer to Madras.*—The Revenue Commissioner has been requested to submit details in the matter of the reduction of the rates of freight for food grains and fodder, with a view to the Railway authorities being addressed in the matter. Action has already been taken in the matter of authorizing the officers of Government to correspond direct with the Railway authorities in ordinary matters while the present seasonal conditions last.

14. *Relief to Weavers.*—The Revenue Commissioner has asked for an additional grant of Rs. 1,20,000 under this head and says that Rs. 10 to 15 for each loom is the maximum to be provided. As there is reason to think that there is some diversity in the system of relief adopted in the different districts, and that some of the methods adopted are open to objection, the Revenue Commissioner is being asked officially to submit information on certain points in order to enable Government to pass final orders.
